<i>Blanco</i> PICTURED CLIFFS	14 MCFD	9%	0	0%
	161			

JUSTIFICATION OF ALLOCATION: ConocoPhillips requests that production for the down hole commingle of the State Com S 15A be switched to a fixed percentage based allocation. The fixed percentage based allocation is calculated from average production rates from twelve months. No oil was originally produced from the parent zones. Therefore, all subsequent oil will be allocated to the new zone.
