13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Benson-Montin-Greer Drilling Corp. intends to move a rig on the COU #21 (G-32) to swab and conduct pressure build-up tests for the originally perforated zones (Mancos) and install a pumping unit. Estimated starting date of the proposed work is May 2010 and approximate duration is 2 weeks. BMG also intends to repair the existing well access road by filling in a washed out area and installing a culvert. Any road repairs will be within the existing disturbed area.
