- 13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

XTO Energy Inc., is requesting permission to expand the above referenced location due to the proposal to do a full body makeover. Current location expansion would be approximately 80 feet to the North, approximately 145 feet to the East, and approximately 95 feet to the West to accommodate production equipment. Fill to be utilized in the South East corner of location within previously approved disturbance. Please see attachments, site map for dimensions and an updated plat with more accurate footages.
