13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including, estimated date of starting work.

If well is directionally drilled give subsurface locations and measured and true vertical depths for all markers and zones of pertinent to this work

The subject well has been shut-in as non-economic, due to low gas rates.

Prior to August 1, 2010, Synergy Operating is proposing to perform remedial work to increase gas production in an attempt to make the well economic again. Synergy is in the process of gathering data to determine which type of remedial stimulation to pump.
