13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

Per the request of the surface owner, XTO Energy Inc. intends to set a below grade marker at a depth of 6' for the above mentioned well. Please see the attached document with correspondence from the surface owner to XTO Energy.

A COMPLETE FORM G-102 INCLUDING GPS COORDINATES MUST BE  
SUBMITTED TO NMCCD UPON INSTALLATION OF BELOW GRADE MARKER

Subject NAPI Oil & Gas Required Standards

Good morning, Mr. Mecham.

In accordance with NAPI's standards for oil & gas standards, it is required for the abandoned well be marked with piping showing the legals or a dry hole marker buried at minimum depth of 6 feet. The marker plate will have to be marked with the legals also. Any other questions or concerns, please contact me through the listed mediums below.

Thank you.

Subject NAPI oil & gas line required standards

Hi Dusty,

I just spoke to Al Nakai , our GIS Coordinator, and he said that you needed NAPI to send you an e-mail regarding our requirements on all oil and gas line burial depths.

Please let this e-mail serve as official notice that NAPI requires all oil and gas lines to be buried 6ft deep within NAPI boundaries.

Also, will you please send me the GPS coordinates on the location(s) that you were talking to Al about?

Thank you for your cooperation in this matter. Should you have any questions, please call Greg Yazzie at 566-2623 or 793-4923.

Thank You,
