Dear Mr. Brimhall:

XTO Energy Inc. is preparing to plug and abandoned the referenced well. You were recently contacted by Mr. Dusty Mecham of this office, along with me recently to discuss the access and procedure.

This letter will serve to notify you of the impending operations. XTO would like to begin preliminary work (removal of equipment, etc. the week of March 15 or earlier.

I will contact you in person in the very near future to let you know a more final date of the work to be done.

Thank you for your patience and consideration in this matter.

It is the intent of this letter to inform any necessary party of your intent to bring the subject site back to agricultural endeavors. This will allow the marker to be placed below grade at approximately 6 feet, which will be below plow depth for your field.

Sincerely,
