13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

At the time ( approx 1971) the operator -Producing Royalties, Inc.- had this well. The name of the well was changed from Payne #2A to Payne #2J. This was sent through the OCD & approved- copy attached. McElvain could not find the change document on the BLM side.

McElvain Oil & Gas Properties, Inc. would like to request the name change again from the Payne 2A to the Payne 2J.
