Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

This well was returned to production in the Month of September 2010. There was a reporting error on our part. The chart intergration company shows that this well made 103 MCF in this month. It produced again in November 2010 and has produced since. We will be making corrections to this well as soon as possible.
