Describe Cause of Problem and Remedial Action Taken.

While moving drill rig and associated equipment, Dawn Trucking driver missed a gear while travel uphill, and allowed residual contents of drilling pit (metal container) to spill over on roadway. Lost <3bbl of liquid/sludge.

Describe Area Affected and Cleanup Action Taken*

Impacted soils treated in place. Continue to encourage Dawn to removal contents of pit prior to moving.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
