Re: Andro-Eidal Co Grace Hoxsey State Well No 1

We have previously submitted a One Well Bond covering the above well in the name of Roy M Eidal as operator. The operator is now Andro-Eidal Co, a co-venture. Consequently we are enclosing a new hond to cover the new operator and

we are enclosing a new bond to cover the new operator and would appreciate return of the bond on Roy M Eidal as an individual.

Also, you will note that the enclosed bond is a Blanket Bond to cover this and future operations.

If practical, inasmuch as this bond replaces the previous operator, we would also appreciate the return of the bond on the Roy M Eidal (Canoncito) Drought-Booth #1.

A copy of this letter is going to your Aztec Office along with revised "Notice of Intent to Drill" covering the changes.

Sincerely,

ANDRO-EIDAL CO
