Dear Mr. Kendrick,

In compliance with your letter of August 29, 1977, we submit herewith three copies of Form C-103 and five copies of Form C-105.

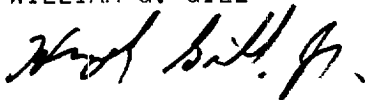

I am informed by Mr. Layton Brown, our field engineer, that he received telephone permission and instructions on locations of cement plugs to be set in this well from Mr. N. E. Maxwell on July 19, 1977.

We are now in receipt of a copy of the State of New Mexico, Oil and Gas commission Rules and Regulations which we will comply with in a timely and prudent manner.

Thank you for your understanding and assistance in this matter.

Yours very truly,

WILLIAM G. GILL
