Re: Crown Point #1, F-18-18N-13W

Dear Mr. Prom:

I am returning the one form C-103 which you filed in error with our Santa Fe office.

Please refile this form with this office in triplicate and include the following information:

1. State that you are assuming operation of the well from Heisen
2. Describe work performed since casing was set
3. Describe work to be performed in deepening
4. Submit a copy of all logs run on well

Our legal department has not yet received an approvable bond, therefore we cannot approve your operation of the well yet. On July 7, 1982, there will be a hearing to show cause why the well should not be plugged. If we do not have the necessary documents by that time we will hear the case.

If you have any questions please call this office.

Yours truly,

A handwritten signature in cursive script, appearing to read "Frank T. Chavez".
