Re: Gerald J. Prom
Crownpoint #1, F-18-18N-13W

Dear Perry:

I directed Mr. Gerald J. Prom to plug and abandon the referenced well in accordance with a division approved plugging program on May 24, 1983. As I have had no reply from Mr. Prom, I wish to turn this matter over to the Legal Department, to take whatever action you deem necessary.

Mr. Prom had retained Cementers, Inc. of Farmington to plug the well, but I could not approve their proposed program.

In my opinion the only feasible way to plug the well is to move in a rig and set plugs through tubing.

Yours truly,
