GARY E. JOHNSON
Governor

Jennifer A. Salsbury
Cabinet Secretary

M-E-M-O-R-A-N-D-U-M (3-98-18)

To: All Potential Bidders
From: Charlie T. Perrin
Subject: Woosley, Bid #90-521-02-03315
Date: November 20, 1998

Bonding: State Purchasing is checking to see if two separate companies can be listed on one contract, I.e., each company bonds their own work. One company will have a plugging bond and one an environmental bond. These two bonds equaling the total contract.

I will have an answer by noon Monday, November 23. Please call at your convenience, phone number 334-6178 ext. 16.

On site land farming bid will be based on: Cost per yard per year, including turning every two weeks as weather permits, with equipment sufficient to turn lifts at their maximum thickness.

If tank bottoms can be liquefied, they may be disposed of down well. This will require a packer, tubing and load the backside. We will place a plug at the perforations in this well.

The concrete bases may be buried on site but not in the waste pit.

The pit will not be burned.
