Attention: Mr. Joe D. Ramey, Director

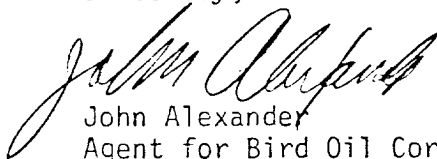

RE: "Application for authorization to inject." Bird Oil Corp., Bird Federal
12 #5 12,19N,5W.

Gentlemen:

Bird Oil Corporation request a revisal of the subject application to limit the duration of injection to 6 months. This request is made pursuant to a telephone conversation with Mr. Frank Chavez of your Aztec office. Mr. Chavez was concerned that the Bird Federal 12 No. 1, a P & A offset to the proposed injection well, did not have adequate cement covering the target formation. He felt that prolonged injection could result in communication with in the 12 No. 1 well bore.

To speed the project along, Bird agrees to inject at the Bird Federal 12 No. 5 site for a period not to exceed six (6) months from the time injection commences. This is of course, dependent on approval of the application as it now stands. After this test period, an alternative proposal for injection will be made.

Sincerely,

John Alexander
Agent for Bird Oil Corp.
