RE: Application for Administrative Approval of  
Unorthodox Location for James L. Ludwick,  
Ludwick #1, Point Lookout, 660' FSL,  
360' FEL, McKinley Co., New Mexico

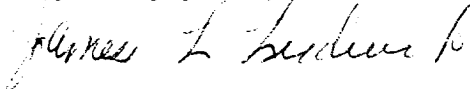

Dear Mr. Ramey:

We hereby request approval to complete the Point Lookout zone in an unorthodox location for the subject well. Copies of the well location plat, topographic map, and a map showing offsetting operators are attached for your reference.

Approval to drill and complete the Point Lookout zone was given on October 21, 1983. The well was originally filed as an oil well, but completed as gas well. Please note Form C-107 changed to show dedicated acreage as 160 acres.

A copy of this application is being submitted to all offsetting operators by certified mail with a request that they furnish your office with a waiver of objection and return one copy of same to James L. Ludwick.

Very truly yours,

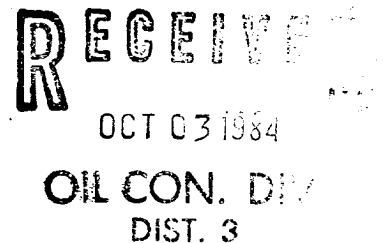

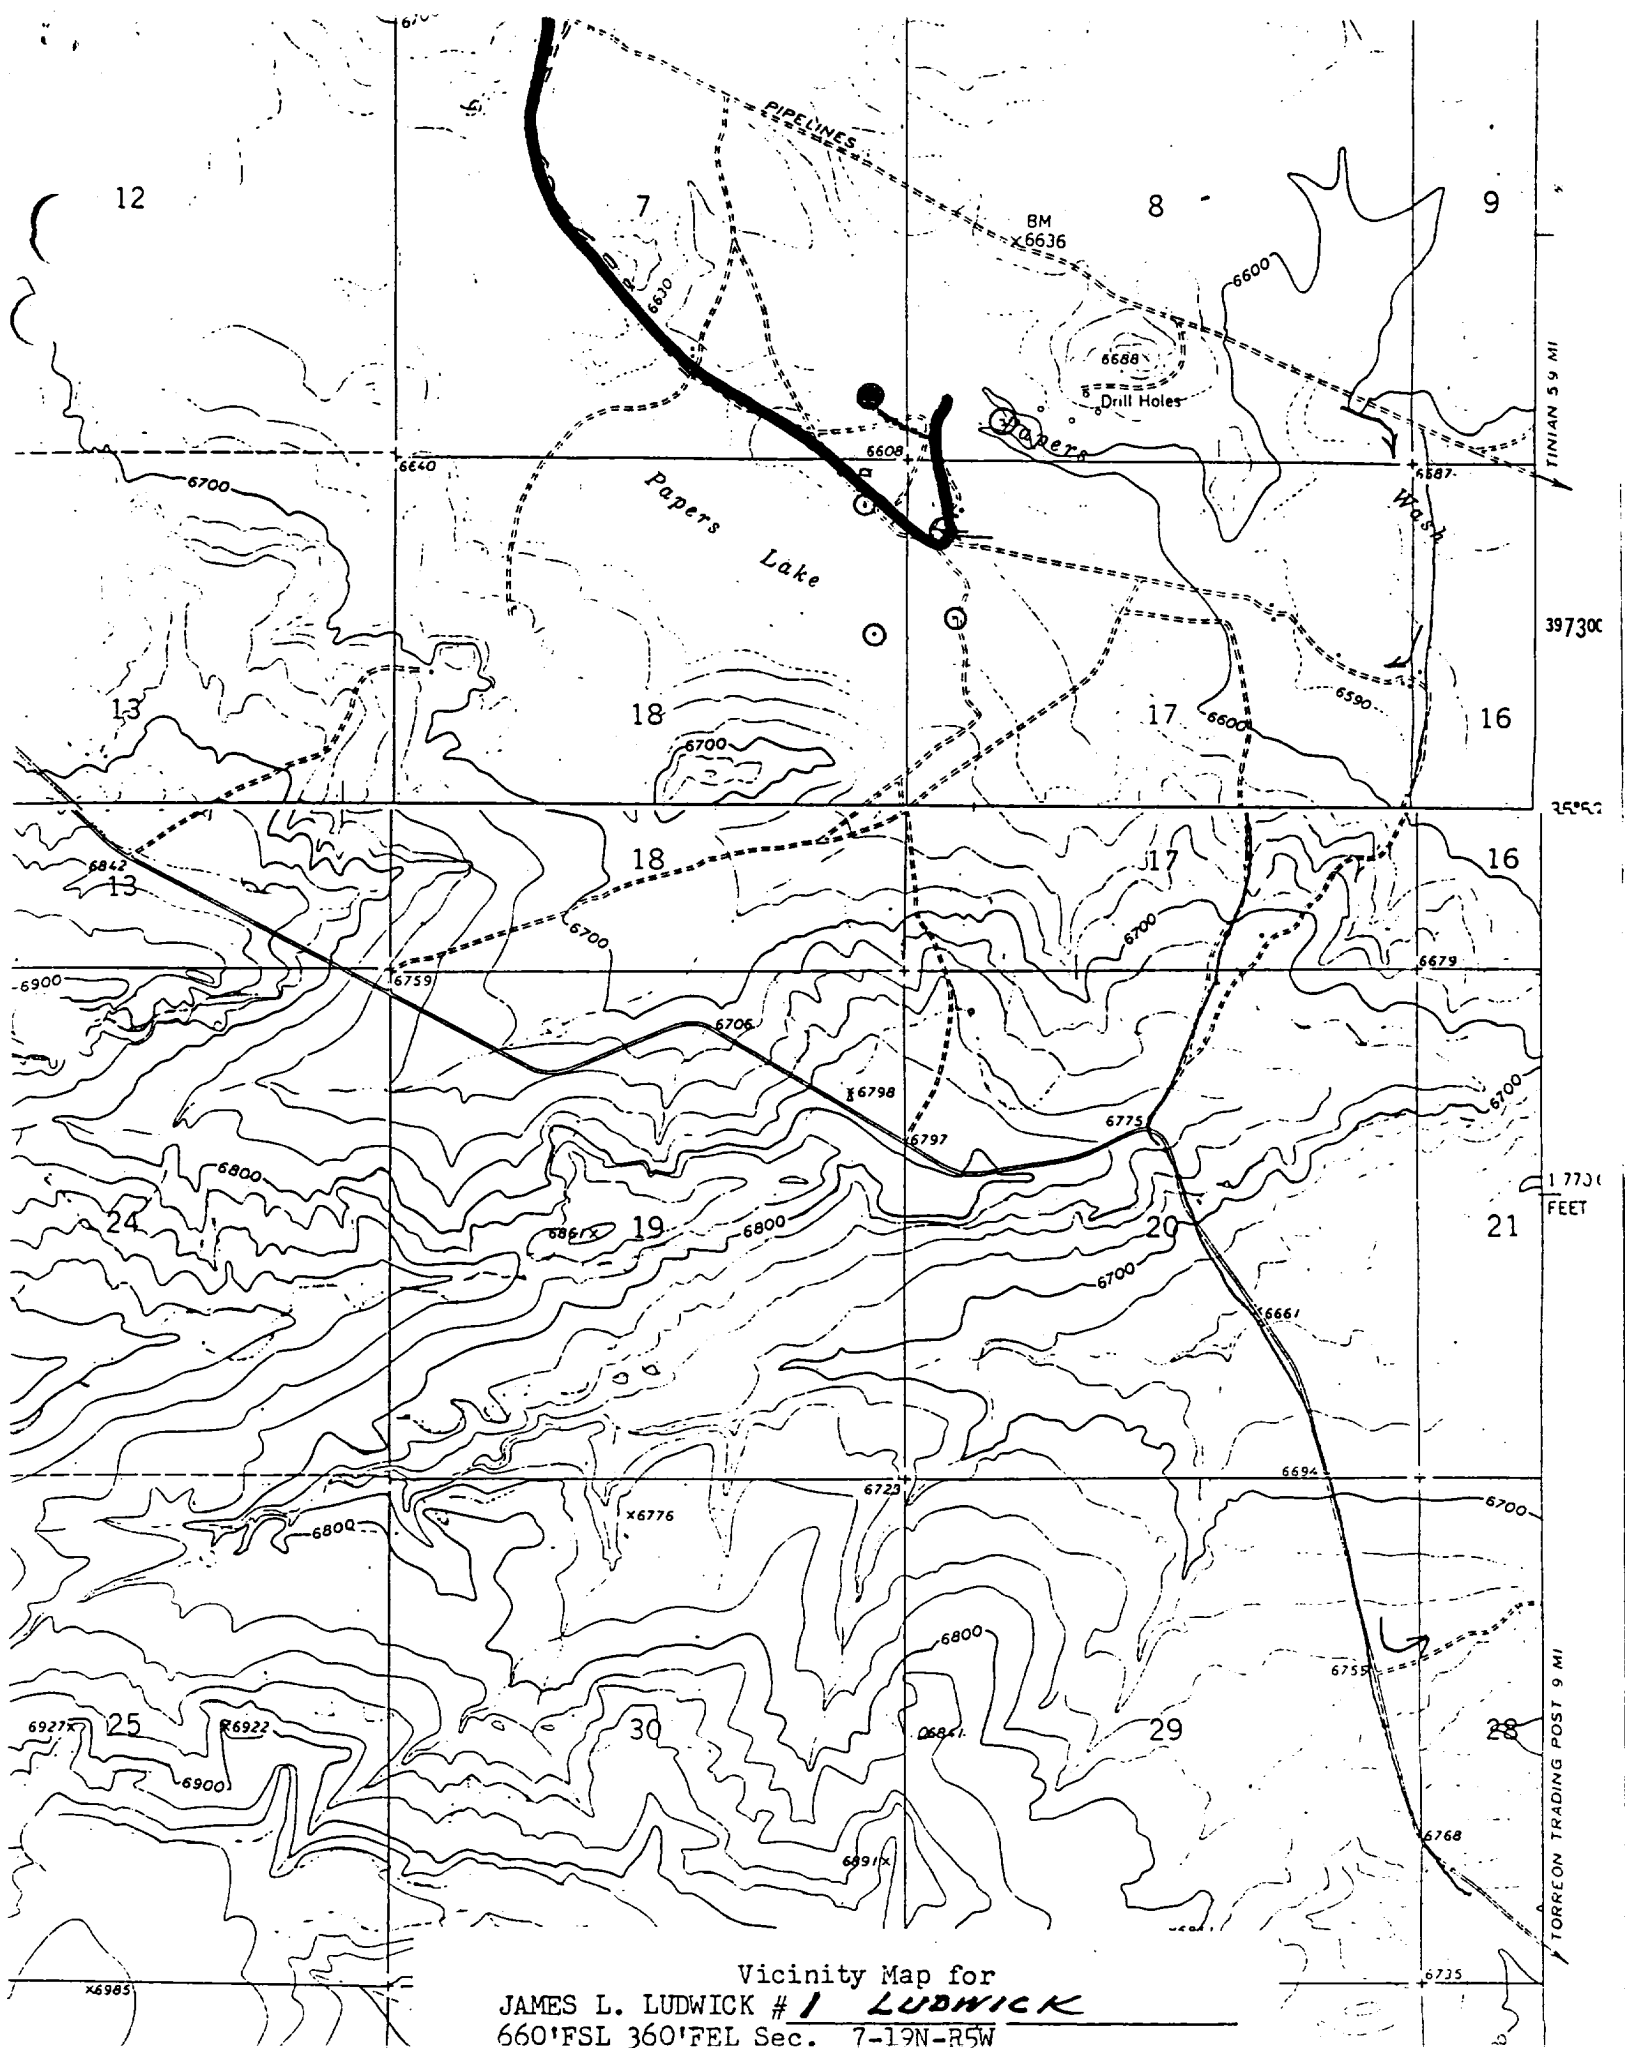

James L. Ludwick  
/Sandra Durham
