

FORM C-108 APPLICATION FOR AUTHORIZATION TO INJECT

XIV. Proof of notice:

Because this application is subject to administrative approval, we submit the legal notice attached below as "proof of publication."

LEGAL NOTICE

Tesoro Petroleum Corporation 8700 Tesoro Drive, San Antonio, Texas 78228, is applying to the Oil and Gas Conservation Commission for Authorization to inject fluid into a formation which is productive of oil. The contact for Tesoro is Gavino Perez Jr., Area Production Manager. He can be contacted at (512) 828-8484. The following wells are to be converted to injection wells for use in our polymer-augmented water injection project in the Tesoro South Hospah Lower Sand Oil Pool Project:

Hanson #43
1260' FSL & 100' FWL of sec 6-T17N-R5W

Hanson #44
330' FSL & 1980' FWL of sec 6-T17N-R5W

Santa Fe Railroad #28

550' FNL and 1480' FWL of sec 7-T17N-R5W

Santa Fe Railroad "A" #97
240 FSL and 1655 FSL of sec 1-T17N-R5W

Tesoro plans to continue injection into the Lower Hospah formation at an average depth of 1580'. Tesoro plans a maximum daily injection rate of 1200 BBL per day at a maximum injection pressure of 320 psi. If any interested party located offset to these locations has any objections to the preceding action, please contact the Oil Conservation Division, P.O. Box 2088, Santa Fe, New Mexico 87501, within 15 days.
