Completion or Recompletion Report and Log form.)

13. Describe Proposed or completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Merrion Oil & Gas filed a sundry to plug and abandon the subject wellbore. We subsequently added additional perfs and refraced the Corrales No. 2. It is making a large volume of water, indicating excellent productivity. We anticipate that the well may produce gas in paying quantities. Merrion proposes to delay the plugging of this field until we have conclusive results on the stimulation. If test results are promising, we will workover the subject well.

14. I hereby certify that the foregoing is true and correct
