Re: C-105 Well Completion Report
Alimento State No. 1
Section 36, T17N, R5W,
McKinley County, New Mexico

Gentlemen,

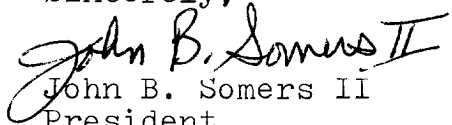

Enclosed please find a Well Completion Report, C-105, on High Plains' Alimento State No. 1 well and copies of the open-hole logs run in that well. Please hold this information confidential for as long as regulations allow.

The enclosed report would have been filed sooner, in compliance with Rule 1105, but Halliburton, the logging company, didn't furnish us the necessary logs until today. Please excuse the delay.

Our cash bond is backed by a 90 day CD which matures next week on Nov. 2nd, so please have Santa Fe release our bond as soon as possible.
