Dear Mr. Arnold:

The Initial Deliverability Test, conducted on an Annual Basis, originally scheduled for the above-referred-to well to commence October 16, 1973, has been cancelled.

The test is cancelled due to the operator not having FPC approval to sell gas from well. El Paso Natural Gas Company will not allow well to be produced until such approval is obtained.

Very truly yours,

Ewell N. Walsh, P. E.
President
