17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.) *

In response to your letter of March 28, 1988, we have delayed completion of this well pending improvement in the natural gas market. This well is capable of producing economical natural gas, but the gas purchaser currently will not connect this well to their system. We plan to complete this well when the gas purchaser agrees to hook up the well.
