Dear Sir:

Gulf Oil Corporation requests your administrative approval for the non-standard location described above for our Gallo Canyon Federal State Deep #1, a proposed 12,500' wildcat. In support of this application, the following information is submitted herewith:

- (1) A plat showing the location of the well
- (2) A plat fully identifying the topography of the area (Exhibit A)
- (3) A plat showing unitized area (Exhibit B)

This application is necessary pursuant to moving the location northwesterly, at the request of Mr. Jack Spears of the BLM, due to topographical conditions. This prospect is located within a Federal unit, and there are no other operators in the unitized interval in adjoining tracts.

Should you require additional information, please advise.

Yours truly,

R. C. Anderson
