17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS

We intend to install a sucker rod pumping system to increase the productivity of this well.

No further surface disturbance will be necessary. The pump unit will be placed on a 10' x 20' gravel pad next to the wellhead.

A 1 1/2" x 2 1/2" downhole pump will be used with a 3/4" rod string.

Work on this project will start approximately April 1, 1993.
