

OIL CONSERVATION COMMISSION
1000 RIO BRAZOS ROAD
AZTEC, NEW MEXICO

March 16, 1966

Dan S. Davis
4330 East Turney
Phoenix, Arizona

Dear Sir:

We have received Application for Permit to Drill for a well designated as the Dan S. Davis #3 Davis well located 1530 feet from the West line and 2190 feet from the South line of Section 11 Township 22 North Range 14 West.

Oil Conservation Commission rules require that a standard location be a minimum of 330 feet from a quarter-quarter section line for a wildcat oil well. Therefore your location is non-standard and any production of oil from this well could not be approved by the Commission prior to approval of the non-standard location after hearing before the Commission. At such time as you are ready to make your application it should be directed to Mr. A. L. Porter, Box 2088, Santa Fe, New Mexico

If you have any questions regarding the matter, please contact us.

Yours very truly

Emery C. Arnold
Supervisor, District #3
