17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well has been purchased from Tenneco Oil Company, and was formerly a gas well in McKinley? Undes. Dakota Field. 5 1/2" casing is set at 4630 with open perforations from 4555 to 4608. This zone is depleted. The operator is changed to James P. Dunigan, Inc., and we propose to deepen the well to the Entrada Formation, drilling a 4 3/4" hole to approximately 6000 feet. A 2 7/8" liner will be set from TD to approximately 4400 feet and circulated with cement in the event of a completion attempt in the Entrada. Operations will commence about 15 Jul 73. A 40 acre proration unit of NE4 SW4 Sec. 20 is assigned.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
