Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Due to economic conditions this well has been suspended from production. The suspension expires May 31, 1989. Yates Petroleum Corporation would like to continue the well in suspension and ask for your approval.

1. The lease is in its extended term.
2. The Kinbeto RG Federal #1 is a producer and the only well on the lease.
3. The well is capable of producing in paying quantities but due to mechanical problems it is uneconomical to repair the well at this time because of low oil prices.
4. The well is capable of producing as a stripper well.
5. The last production was for the month of April, 1987. The well averaged 3.6 BOPD for the month of April, 1987.
