Re: Dual Completion of Magnolia
#1 Harrington-Federal, Section
28-24N-1W, Rio Arriba County

Dear Sir:

We are unable to grant tentative approval for the dual completion of the above well in the Ojo Alamo and Pictured Cliffs Zones, on the grounds that you have not stated how the zones are to be separated and how the well is to be tubed, as required by Rule 112.

zone

In regard to the producing/which you refer to as Ojo Alamo, I would like to determine from you if possible whether this zone is the same zone in which Magnolia's #1 Henry Schmitz well in the SE $\frac{1}{4}$ Section 34-24N-1W was completed. This well was originally called Ojo Alamo by Magnolia and was later changed to Torrejon Puerco.

If we can be of any service, please let us know.

Yours very truly

Emery C. Arnold
