17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

July 9, 1987

Suspected well had casing failure. Tested with bridgeplug and packer and could not locate hole. With the bridgeplug set above the perforations and everything else out of the hole, put 2000 lbs on the casing, which held for 30 minutes. Believe problem was trapped air and gas. Called and discussed procedures followed and conclusions with Ken Townsend of BLM.
