Dallas 6, Texas

Gentlemen:

Your well, Jicarilla "D" #2, located SW 19-24-4, is tied in and has been ready for production as of July 12, 1960.

Due to necessary forms not being filed with the New Mexico Oil Conservation Commission in Aztec, New Mexico, we do not have the authority to produce this well.

If you will submit Form C-110 showing change in transporter from Southern Union to El Paso Natural Gas Company, we will then be able to start production.

Very truly yours,
