Dear Mr. Payne:

Our Bond No. 123335 - Executed in favor of the  
State of New Mexico

Your letter of February 29, 1960 addressed to Mr. Anthony T. Hausladen has been referred to me. It is noted in the letter that the well covered by this Plugging Bond still has not been plugged as directed by your office.

As your records will indicate, we ordered that it be plugged but before the work was done I was contacted by our principal, Jim Storms, who assured me that he would plug the well himself. This was on January 25, 1960. Under these circumstances, I agreed with Mr. Storms to allow him to do so as he stated he could do it cheaper than the price which had been quoted us. You have in your file a letter dated February 9, 1960 in confirmation of this agreement.

Again on February 23, 1960 I wrote to Mr. Storms for a written confirmation that the plugging had been satisfactorily accomplished but to date I have not heard from him. A carbon copy of this letter is going to Mr. Storms at this time with the request that I be contacted about this matter and if the necessary work has not been accomplished as he promised then we will see to it that your directive is carried out.

Very truly yours,

*Henry Yates*
