Attn: Mr. D. F. Furse

Dear Mr. Furse:

Two copies of Federal Notice of Intention to Drill your #1 Jicarilla Apache "O" well located 944 feet from the South Line and 746 feet from the East Line of Section 16-24N-4W have been received in this office.

The Basin Dakota Pool rules require that a Dakota well be located a minimum of 790 feet from the unit boundary. Administrative exceptions may be granted for topographic reasons. Application for approval of a non-standard location claiming topography should be made to Mr. A. L. Porter, Box 871, Santa Fe, and copies of your application should be mailed to all offset operators, to meet legal requirements.

If you have any questions concerning the matter, please contact us.

Yours very truly

Emery C. Arnold
Supervisor, District #3
