Mr. Emery C. Arnold
Supervisor, District 3
1000 Rio Brazos Road
Aztec, New Mexico

Dear Mr. Arnold:

With regard to the #1 McKay-Tidal well unit H, Section 14,
24N2E.

For some time we have considered going back in this well in hopes of making a commercial producer. However, it is our decision at this time to plug and abandon the well as a dry hole. Weather permitting, we will have a drilling contractor move in and plug the well at the earliest possible date.

We will submit form C-102 along with C-105 in the immediate future.

Let me apologize for taking so much time in making a decision as to our intentions. I sincerely hope that this answers your questions with regard to this matter.

Very truly yours,

TIDAL OIL COMPANY

Clifford A. Kniffin

Gentlemen:

We are enclosing herewith a copy of a letter written to Mr. E. L. Fundingland in regard to the #1 McKay-Tidal well in Unit N, Section 14-24N-2W. Since we received no answer to this letter we are directing this to your company in hopes of getting some information on the status of this well and the operator's intentions for future operations.

May we please hear from you at your early convenience in regard to this matter?

Yours very truly

OIL CONSERVATION COMMISSION

1000 RIO BRAZOS ROAD

ALBUQUERQUE, NEW MEXICO

Dear Sir:

Enclosed for you are two copies of a report
on the oil resources of the state of New Mexico.
The report was prepared by the Oil Conservation
Commission.

The report contains a summary of the oil resources
of the state of New Mexico, and a list of the
oil fields in the state. The report also contains
a list of the oil companies operating in the
state, and a list of the oil products produced
in the state.

I am sure that you will find this report
very interesting and informative.

Sincerely,
John H. Brown

Very truly yours,
John H. Brown

Re: E.L. Fundingsland #1 McKay-Tidal
N-14-24N-2W, Rio Arriba County

Gentlemen:

Our records reflect that the above well was spudded 2-23-60. Several subsequent reports were filed on casing information; however the well record form, C-105, has never been submitted. Will you please file this form immediately. Further, we will require a statement whether it is your intention to plug and abandon this well or to attempt further testing. If it is your intention to plug and abandon, please submit Form C-102 indicating your plugging plans, along with Form C-105.

Failure to comply with the above requirements will make it necessary to contact the bonding company and require the well plugged by them.

Yours very truly

Emery C. Arnold
Supervisor, District #3
