Gentlemen:

It is noted that the New Mexico Oil Conservation Commission, under Administrative Order NFO-582, authorized you to flare gas from your No. 1 Largo Spur "A" well, located in the SE $\frac{1}{4}$  sec. 14, T. 24 N., R. 7 W., Rio Arriba County, New Mexico, on Federal lease Santa Fe 078562. The order authorized the flaring of gas until January 1, 1969.

You should furnish this office with a re-evaluation of the feasibility of eliminating the flaring of gas from the well and request flaring approval from both the U.S. Geological Survey and the Oil Conservation Commission, if appropriate.

Sincerely yours

(Orig. Sgd.) J. W. Long
