Re: Extension of filing Initial Deliverability Test
Bco, Inc. Federal 1-7 #1, P-7-24N-7W

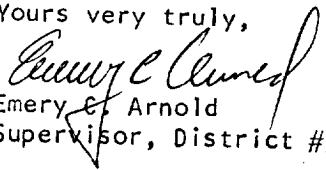

Dear Mr. Bigbee:

In view of the problems outlined in your letter of February 16, 1972, I am granting your request for extension of the filing date for deliverability test for the above well to June 15, 1973.

I am issuing a gas well supplement and instructing our Santa Fe Office to grant an allowable equal to the per well acreage allocation in the Basin Dakota Pool. From what you have said of the wells producing ability, I feel certain that the well is not capable of ever producing the acreage allocation for the Basin Dakota Pool.

If you still are unable to get it filed prior to June 15, please contact me prior to that date so that we may make further disposition of the matter.

Yours very truly,

Emery C. Arnold
Supervisor, District #3
