Dear Emery,

Sorry for the delay on reporting the status of our 1-7 well. Following is the monthly production for said well:

<u>Period</u>	<u>Bbls.</u>	<u>MCF</u>
1-73		1054
2-73		1344
3-73		43
4-73	18	234
5-73	-0-	-0-
6-73	30	46
7-73		96
8-73		237
9-73		188
10-73		155
11-73	4	81
12-73	86	38
1-74	60	5
2-74	58	42

The reason for the majority of months with no oil production was because the pumping unit was down, and what little gas produced was produced through the casing.

It is my opinion this well should be classified as a oil well. I am, therefore, attaching FORM C-116 requesting an allowable on this well.

Thanks for your patience on this well. At \$3.91 a barrel it was uneconomic to operate, at \$9.71 it is economic.

Very truly yours,

Harry R. Bigbee
President
