Re: Northwest Hayes Apache Federal
No. 1-2-244-34, Unconsolidated
Leasehold, Rio Arriba County, N.M.

Dear Mr. Phillips:

Please advise the cause of over-production from this well
for the period ended September 30, 1956.

The well is an unconsolidated sandstone gas well. Therefore, the
condensate production is not accountable for over-production.
However, the well may be tested as provided in Order No. 1-2-244-34.

Sincerely truly,

L. H. Kendrick
Engineer, Division 1
