Dear Sir:

We have received your letter of August 20, 1953, regarding the Greenbrier Oil Co. #1 Palmer well in Section 1-24N-2W, along with a copy of the emergency order restraining them from plugging this well.

for
In order for the Greenbrier Oil Co. to conform with the Rules and Regulations of the Oil Conservation Commisxion it will be necessary for them to file a Form C-102 stating what their intention is in regard to future work on this well. This would have to be approved by the Commission. As of this date we have not received in this office any communication regarding the well which would indicate that they are intending to pull the casing or plug. If we do receive any Notice of Intention from them it will not be approved by this office at least until such time as the matter is officially settled.

Yours very truly,

Emery C. Arnold
