

The graph displays two curves on a grid. The vertical axis is labeled from 1500 to 2900 in increments of 100. The horizontal axis is labeled with angles: 60°, 80°, 100°, 120°, and 140°. The curve for 'ANOMALY 2050' starts at approximately 1550 at 60°, descends to about 2100 at 75°, then continues to descend more steeply to approximately 2850 at 90°. The curve for 'T.D. SURVEYED 2884' starts at approximately 2100 at 75°, descends to about 2450 at 80°, and then continues to descend to approximately 2850 at 90°.

Vertical Axis Value	Horizontal Axis Value (Angle)	Curve Label
1550	60°	ANOMALY 2050
2100	75°	ANOMALY 2050
2850	90°	ANOMALY 2050
2100	75°	T.D. SURVEYED 2884
2450	80°	T.D. SURVEYED 2884
2850	90°	T.D. SURVEYED 2884
