Aztec, New Mexico

Attention: Mr. Emery C. Arnold

Gentlemen:

As provided by Order No. R-1429, request is made for approval of a "slim-hole" completion for a gas well in the South Blanco Pictured Cliffs Gas Pool. The Johnston and Shear Jicarilla #2-1 will be located 790' FNL and 1555' FWL, Section 1, Township 24 North, Range 4 West, Rio Arriba County, New Mexico, less than one-half mile from Northwest Production "S" #4-2, a Pictured Cliffs gas well.

It is proposed to set 7-5/8" OD surface casing at 110' and cement to surface. A 6-3/4" hole will be drilled to total depth of 3375' where 2-7/8" OD tubing will be set and cemented with approximately 100 sacks. The 2-7/8" will be perforated opposite the Pictured Cliffs formation and treated with water and sand.

There are no known corrosive or pressure problems in the area which might make the "slim-hole" completion undesirable.

Very truly yours,

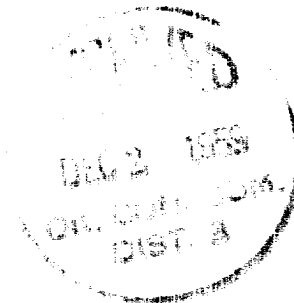

JOHNSTON AND SHEAR

W. R. Johnston

W. R. Johnston, Partner

In duplicate.

Attn: Mr. W. R. Johnston

Dear Mr. Johnston:

Your request for approval of a slim hole completion, utilizing 2-7/8" tubing, on your Johnston-Shear Jicarilla #2-1 well located 790' from the North Line and 1555' from the West Line of Section 1-24N-4W is hereby approved. Your completion plan complies with the requirements of Order R-1429.

We are sending a copy of this letter to the U.S.G.S., with whom your Notice of Intention to Drill will be filed.

Yours very truly

*Emery C. Arnold
Supervisor, District #3*

Albuquerque, New Mexico

Dear Sirs:

Enclosed for your information
is a copy of the New Mexico
Oil Conservation Commission's

Report on the Oil and Gas

Resources of New Mexico.

This report is a summary of the results of a study
made by the New Mexico Oil and Gas Conservation
Commission. It is based on a survey of the oil and
gas resources of New Mexico made by the
Commission in 1954. The report is divided into
two parts. The first part is a general
statement of the oil and gas resources of New
Mexico. The second part is a detailed
statement of the oil and gas resources of each
county in New Mexico.

The report is a valuable source of information
on the oil and gas resources of New Mexico.
It is a must for anyone interested in the
oil and gas industry of New Mexico.

Very truly yours,

John H. Jones,
Chairman, New Mexico Oil and Gas
Conservation Commission
