Dear Mr. Arnold:

On behalf of Mr. Gould this is a request to release the well from the current shut-in status so that the well can be put on production.

My firm will be in charge of the operation of this well and will file the necessary forms for reporting the monthly production of the well.

Please advise if it is necessary to file any back reports in order to bring the well file up to a current status.

Very truly yours,

Ewell N. Walsh, P. E.
