13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Work will commence on this well as soon as a rig becomes available. Upon getting a rig, we will start a minimum (4) well series of repairs. We will notify the BLM upon starting these repairs. We have been waiting on a rig from Oyster Well Service since approx. June 1, 1998. They have promised us one of the first rigs that is released by other companies.

We are requesting an extension of time until Sept. 15, 1998 to have this well repaired.
