South Blanco-Pictured Cliffs Pool

Dear Mr. Hendrickson:

The San Juan Basin Gas Proration Schedule for March, 1972, indicates that the subject well has changed classification from XM to N.

We do not have a 1971 Annual Deliverability Test on file.

Please cause an Annual Deliverability Test to be filed by June 1, 1972, so that we can assign the proper allowable to the well.

If there are questions, please contact us.

Yours very truly,

A. R. Kendrick
Engineer District #3
