Att: Mr. P.E. Cosper

Dear Sir:

Reference is made to your letter of May 21, 1956 requesting approval for dual completion on your #2-C Jicarilla well in Section 28-25N-5W. Since our telephone conversation I have discussed this matter with our Santa Fe office and it has been agreed that approval be granted to dual complete this well in the manner specified in your letter. However under terms of Rule 112 (A) it will be necessary that you bring this matter to a hearing as set out in Rule 112, Paragraph B before forms C-110 can be approved on this well.

If the dual completion is completed prior to the time of the hearing we would suggest that you conduct a packer test immediately upon completion so that this information will be available for the Commission's consideration at that time.

Yours very truly

Emery C. Arnold  
Supervisor, District #3
