Approval received June 26, 1972, to dually complete the subject well in the Gallup and Mesaverde formations. New Mexico Oil Conservation Commission issued Administrative Order No. MC-1995 effective July 13, 1972, approving the plans to produce gas from the Mesaverde and oil from the Gallup.

Work has been delayed on starting this project because of availability of equipment and weather. It is now planned to commence work on the subject well within the next 30-60 days depending on weather conditions.
