DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

State names of and expected depths to objects, including points, and all other important proposed work)

Monville Street 148 Wall No. 10. On August 1, 1970, 7-1/8" casing was landed at 324' with 150 sacks of gal cement followed by 50 sacks neat cement. After waiting on cement, casing and water shut-off were tested with 500 pounds pressure for thirty minutes, which held with no drop in pressure.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
