December 9, 1963

Mr. E. C. Arnold
New Mexico Oil Conservation Commission
1000 Rio Brazos Road
Aztec, New Mexico

Dear Mr. Arnold:

The New Mexico State Deliverability Test submitted herewith has a multiplier greater than 2.0000. The well is the El Paso Natural Gas Company Jicarilla No. 10-E; located NW 18-25-4, So. Blanco PC, Rio Arriba County, New Mexico.

The 1963 shut-in pressure was compared with the average offset shut-in pressure and found to be higher. The 1963 shut-in pressure was also compared with the 1962 shut-in pressure and found to be higher. Therefore, it is felt that the shut-in pressure is representative of this area.

Offsets are listed below:

Jicarilla No. 13-E	NE 18-25-4
Jicarilla No. 9-E	SW 18-25-4
Jicarilla No. 12-E	SW 17-25-4
Jicarilla No. 14-E	NW 17-25-4

Av. offset SIP = 525 PSIG

If there is any question, please call or write the Gas Engineering Department.

Very truly yours,

Tom B. Grant
