Gentlemen:

Concerning acreage change for Northwest Production Corporation Jicarilla C-123 #3L/7-25-4 South Blanco, from 160 to 163.37, effective 4-1-68.

This will give the well an acreage factor of 1.02 instead of 1.00 which we now carry in the schedule.

Therefore, it appears that this will require an NWU and supplement to effect this change.

Please look into this and notify us.

Very truly yours,

Fred Mares
