*Re: R & G #1-13 Davis
M-1-25N-3W*

Dear Bill:

In April 1961 I wrote requesting a Form C-103 showing that the 1-13 Davis well had been plugged and abandoned according to the Form C-102 which was filed prior to that date.

We have never received this notice and we cannot close our well file on this well. Will you please submit the above information.

Yours very truly
