Att: Mr. L.J. Willis  
Petroleum Engineer

Dear Mr. Willis:

On April 19 we received Forms C-128 and C-103 pertaining to your #1-4 Skelly-Truby-Government well in the SE $\frac{1}{4}$  Section 4-25N-6W. The C-103 indicates this well was spudded in April 13, 1956, and that surface casing had been cemented.

To date we have not received Form C-101, Notice of Intention to Drill. You are therefore drilling this well in violation of Rule 102 of the Rules and Regulations of the Oil Conservation Commission. Will you please submit a Notice of Intention to Drill on this well.

Yours very truly

Emery C. Arnold
