Emma McDaniel #2  
G-23-24N-1W

Dear Mr. Kendrick:

Reference our telephone conversation of this date I am enclosing a copy of Mr. Kitchens' letter of October 10, 1978 regarding the above captioned well.

In our conversation we discussed another well that was plugged during the same period and you found the records complete on this. I further gave you the information that the records we do have on the plugging and abandoning of the Emma McDaniel #2 indicate that 1575' of 4½" casing was recovered.

You stated, on the receipt of the copy of Mr. Kitchens' letter, you would contact him regarding that he could attest that he plugged and abandoned all the wells on the same basis, using the same methods, etc.

We sincerely hope that with Mr. Kitchens' help this matter can be resolved. We do know that Mr. Gholson has inspected the well site and found a proper marker and the property in order.

Your further assistance to us in this matter will be appreciated.

Very truly yours,
